LYNCHED A RAIDER OF BLIND TIGERS

Victim Confessed Shooting Restaurant Keeper Before He Was Killed.

MUCH RIOTING AND BLOODSHED

Etherington Employed by Anti-Saloon League at Newark, O.—Strikers Cause the Trouble—Beg for His Life.

Newark, O., July 8.—Carl Etherington, 22 years old, employed Thursday night by the State Anti-Saloon League as a blind tiger raider, was lynched here at 10:35 tonight, following a day of almost continuous rioting. The heavy doors of the Licking county jail were battered down and Etherington was dragged from his cell. He was shot, kicked and bruised before the street was reached and the finish followed quickly.

Etherington, early in the evening, confessed he killed William Howard, proprietor of the "Last Chance" restaurant and former Chief of Police in a raid of alleged "speakeasies" in a raiding scuffle at 1:30 this afternoon and narrowly escaped lynching at that time. When news from the hospital that Howard had died passed over the city at 9 o'clock tonight, the fury of the mob took definite form. Large battering rams were directed upon the doors of the Licking county jail and the deputies were powerless. The doors fell after nearly an hour's attack.

Crying piteously, Etherington, a curly-headed Kentuckian, who has been serving as a strikebreaker since he was released from marine service three months ago, was dragged forth. "I didn't mean to do it," he wailed. His cries fell upon deaf ears.

Fearing that the mob spirit would not be satisfied by one victim, Sheriff Link immediately asked Adjutant General Weybrecht for troops to protect six other "dry" raiders held at the city prison, in another section of the town. A hurried guard was thrown out in their defense. The mob after the first taste of blood, seemed quiet but it is feared that they will attack the city prison before the night is finished.

Etherington's last moments, while he heard the mob battering down the doors, were spent in praying and writing a note to his parents, who are residing near Williamsburg, Ky. "What will mother say when she hears of this?" he kept moaning to the jailer.

Howard, it is charged, did not resist the detectives when they entered his place on the outskirts of Newark. He, it is said, however, put his arms about Etherington, as if to hold him, whereupon the officer fired a bullet into Howard's head.

Striking Baltimore & Ohio Railway employees declare that Etherington recently came to Newark as a strikebreaker and the ill-feeling growing out of the strike has intensified that due to the slaying today.

Tonight a strikebreaker was pursued through the streets for several squares. He saved himself by jumping through a window of a laundry. The detectives arrived this morning with search and seizure warrants procured from the Mayor of Granville, a nearby village. One of the first saloons visited was that of Louis Bolton, where a bartender, Edward McKenna, was hit over the head with brass knuckles. The detective who hit him was pursued by a crowd that quickly assembled. The detective was rescued by the police with difficulty. The officers with their prisoner were followed by the mob to the jail.

Licking county, of which Newark is the county seat, is dry under the Rose local option law, but Anti-Saloon League officials declare that the law is not enforced. Wayne B. Wheeler, State superintendent of the league at Columbus, tonight declared that today's situation was brought about by alleged negligence on the part of Mayor Atherton, of Newark, in not upholding the law. Wheeler said that the detectives sent to Newark today were from Cleveland.

While the mob was battering down the doors Etherington was in his cell. In an attempt to commit suicide he smothered his head in his coat and set fire to it. He was caught in time. In the melee as the mob was leaving the jail eight prisoners, held for petty offenses, escaped. One refused to leave.

As Etherington mounted the block ready for the swing he was asked to make a speech.

"I want to warn all young fellows not to try to make a living the way I have done—by strike-breaking and taking jobs like this," he declared. "I had better have worked and I would not be here now."

The swing of the rope cut him short. He hung there for an hour while the crowd quietly left. After the first excitement there was no disorder. At the finish there were hundreds of women and little children in the crowd, all eager to accomplish his death. No member of the mob was masked and no attempt was made to conceal their identity. The leaders were personal friends of the dead man.

After the body had dangled from the pole for an hour, swinging before

Mrs. Gould to Marry Again

New York, July 8.—Ralph Hill Thomas, assistant treasurer of the American Sugar Refining Company, and Mrs. Helen Kelly Gould, who divorced Frank J. Gould on August 25th, 1909, obtained a marriage license today at the city hall. Mr. Thomas said he was 28 years old, in the sugar business and lived at 763 Fifth Avenue. He was born in Boston and is the son of Joseph H. Thomas, and Annie N. Hill. It is his first marriage.

Mrs. Gould at first gave her address as Port Washington, L. I., but subsequently scratched this out and wrote under it "540 Park Avenue."

She was born in New York 26 years ago and is the daughter of Edward Kelly and Helen Pearsall. Mr. Thomas said no date for the wedding has been arranged.

Now that his former wife has obtained a marriage license there comes out through friends arriving here today from abroad news that Mr. Gould and Miss Scott was slashed across the abdomen with a razor during a fight between a crowd of negroes and a number of soldiers on a trolley car bound for Fort Myer the night of the Jeffries-Johnson prize fight. The soldiers learned that Scott, who had been moved to a hospital, had developed pneumonia to such a degree that he expected to die any hour.

Col. Gerrard, commanding the garrison at Fort Myer, has ordered an investigation into what he termed "an incident involving too strongly of the Brownsville affair."

Chester Milk Customers
Dent Cans to Decrease Size of Receptacles—Details.

New York, July 8.—The farmers and the railroads are responsible for the big dents in milk cans which so decrease the size of the receptacles as to cheat seriously the New York public. This is the opinion of Chief Driscoll, of the New York Bureau of Weights and Measures, who is conducting a vigorous campaign against short measures. The farmers' dent can campaign is being fought by the dealers, says Mr. Driscoll; the railroads help the swindle along by rough handling.

In a letter to railroad officers today Mr. Driscoll pleads for more careful handling of the cans. He has not solved the problem of reaching the guilty farmer.

Produce dealers in the city also received a warning today that potato barrels had been found woefully short.

BIG FIRE IN CHARLESTON.

Five Wholesale Houses Burned Out Entailing Loss of \$250,000.

Charleston, S. C., July 8.—Fire tonight gutted five large wholesale establishments on Meeting street and caused \$250,000 damage.

Two firemen and one telephone line-man were overcome by smoke but regained consciousness.

POSTAL SAVINGS DEPOSITS.

Secretary of the Treasury Has Formulated No Program Yet.

Washington, July 8.—Banks generally throughout the country are making applications to the Treasury Department to obtain copies of regulations governing postal savings bank deposits.

Acting Secretary Hill is advising them that no course of action has been formulated or instructions issued, and that it is impossible at this time to give any definite information on the subject.

NEW YORK STRIKE A RECORD BREAKER

Walk-out of Garment Makers Biggest in History of City.

OVER 75,000 ARE ON STRIKE

No Violence as a Result of the Walk-Out—Employers Will Make No Attempt to Fill Places. The Details.

New York, July 8.—Another big batch of cloak and shirt makers went on strike today in addition to the 50,000 who walked out yesterday, making the total now on strike 75,861, according to the union estimate. If these figures are correct, it is the biggest strike in the industrial history of New York City.

Not all of those who quit today are affiliated with the union, but their voluntary action is reinforcing steady employment out of sympathy for their fellows is a great encouragement to union leaders. Five thousand joined the union today.

A tax of one dollar has been imposed on every male member of the International Garment Workers' Union in the United States and one of 50 cents on each woman member. Officers of the union say these levies will insure a strike fund of \$300,000.

There was no violence today. The employers will make no attempt to fill the places of the strikers with non-union labor as a majority of manufacturers agree that the business situation is such that they can well afford to wait a few weeks before committing themselves.

TAFT SEES JUSTICE MOODY
Spent Hour at Bedside of Jurist Yesterday—Enjoys Vacation.

Beverly, Mass., July 8.—President Taft visited Justice Moody, of the Supreme Court, at Magnolia, this afternoon and spent an hour at the bedside of the jurist. Although the call excited a great deal of interest and received gossip as to Supreme Court vacancies, it is authoritatively stated that neither the President nor Justice Moody broached the subject of the latter's intention as to retirement. The visit was purely a personal one.

The President apparently is enjoying his vacation. He golfed this morning and after returning from the Moody visit went out for a late afternoon sail on the Sylva.

Mr. Taft today asked W. C. Brown, president of the New York Central Railroad, and Daniel L. Chase, editor of the Brotherhood of Railway Trainmen's National, to residents members of the commission authorized by Congress to investigate the subject of employers' liability and workmen's compensation. Senators Warner, of Missouri, and Hughes, of Colorado, and Representative Denby, of Michigan, and Brantley, of Georgia, also are members of the commission. It is hoped the commission will be able to recommend new legislation to Congress at the next session.

President Taft has been asked to present the Royal Seawanhaka cup to the winner of the International Yacht race to be sailed the week of July 25th under the auspices of the Manchester Yacht Club. The race will be between American and Canadian yachts. The cup was won from Canada in 1906. The challenge is from the Royal Canadian Yacht Club. If Mr. Taft returns from his ten days cruise up the North coast in time, undoubtedly he will accept.

Edward C. V. Boykin, of Smithfield, Va., who was dismissed from the United States Military Academy at West Point for alleged falsehood, that he wrote to the President asking that the charge of falsehood be removed from his record. He does not ask reinstatement. The President has referred the matter to the War Department.

A SPECTACULAR BATTLE.

Red and Blues in Battle Array at Gettysburg, Pa.

Gettysburg, Pa., July 8.—In a spectacular battle between the Red and Blue forces at the United States maneuver camp this afternoon the Virginia militia under command of Gen. Vaughan, of that State, were unsuccessful in an attempt to hold Granite Hill against the attacks of the force under Col. Mansfield of the 2nd United States Infantry. Sen. Vaughan commanded the Blues and led them to three regiments of Virginia infantry, had in his command Troop A, Maryland cavalry, a battery of United States field artillery and the necessary engineers and hospital corps.

The battle was replete with thrilling charges and maneuvers. The decision was given to the Reds on a flank attack which would have enveloped the entire right wing of the Blue army. The Virginia and Maryland troops will leave for home tomorrow morning.

Karlruhe, Germany, July 8.—Snow is falling tonight on the higher elevations in the Black Forest.

A WOMEN AVIATOR FATALLY INJURED

Baroness Delarchoe Frightened During Flight and Fell to Earth.

LYNCHING THREATS FOLLOW

Crowd Tried to Mob Man Aviator Believed to Have Been Responsible—Second Serious Accident at Rheims.

Bethany Plain, Rheims, July 8.—The second distressing accident of the aviation meeting now in progress here occurred today when the Baroness Delarchoe, driving a Voisin biplane, lost her nerve when at a height of 50 metres, shut off the power and fell with her machine to the ground. Her legs and arms were broken and she suffered severe contusions, but the doctors who have her case in hand hope for her ultimate recovery.

At a height of 80 metres the Baroness Delarchoe had flown once around the big field. The spectators in the grandstand were applauding her vociferously. Suddenly she appeared to become frightened at the approach of two other aeroplanes, one of which, a Sommer, driven by M. Lindpaintner, passed directly over her. The Baroness, in a period of consciousness after the accident, said that the rush of air from the motor over head had thrown her into consternation and that she cut the ignition and lost control of her biplane. At first the machine glided on an even keel, but suddenly it turned over and fell like a meteorite to the ground and was wrecked.

The crowd rushed out on the field and extricated the mangled and bloody form of the woman aviator from the tangled debris and she was conveyed to a nearby hospital. Meanwhile Lindpaintner had descended and the crowd believing him to have been responsible for the accident, threatened to lynch him. Gendarmes, however, threw a cordon about the aviator and dispersed the excited spectators. An inquiry by the judges' committee into the accident showed later that Lindpaintner was in no way responsible for it.

The first accident of the meeting occurred last Sunday, the opening day, when Charles Wachters Antoine's monoplane collapsed at a height of 500 feet and dropped like a stone, instantly killing Wachters.

Olestadter, not satisfied with his record of one hour, 58 minutes, 20 seconds for the 150 kilometers, set out again and cut it to one hour, 54 minutes, 54.2 seconds. He used a Blériot machine.

Two other records were broken during the day, both of them by M. Blanc, who also used a Blériot monoplane. The first was the ten kilometers, which was made in six minutes, 33.45 seconds, and the second, the five kilometers, the time for which was caught at three minutes, 12.45 seconds.

TWO SCALDED TO DEATH.

Result of Disastrous Wreck on Tennessee Central.

Cookeville, Tenn., July 8.—One of the worst wrecks in the history of the Tennessee Central Railroad occurred last night at 11:10 o'clock in the Bradley cut, 3.12 miles east of Algood, this county. The through West-bound freight train No. 51, in charge of Conductor Sid S. Knight, was wrecked.

Conductor Knight and Fireman S. F. Lindsay were instantly killed. They were in the engine at the time and were scalded to death.

A large rock had fallen on the track from the side of the cut, causing the wreck. The engine and four cars were derailed. The east-bound through passenger train due here at 1 o'clock in the morning went no further than Algood and returned to Nashville at 6:20 o'clock, carrying the dead men and Engineer Stephens, all of whom lived in Nashville. All are men of families.

OUTLINES.

Following a raid of the soft drink saloons at Newark, O., in which one man was shot, a mob stormed the jail and lynched Carl Etherington, an anti-saloon detective. A woman aviator, Baroness Delarchoe, became frightened during a flight and fell to earth with her machine, sustaining fatal injuries. This is the second serious accident at the meet. A trip has been planned across the Atlantic ocean in a dirigible balloon. Wellman will attempt a trip from New York to London. Theodore Roosevelt will make a speech in Chicago on the 8th of September as a guest of the Hamilton Club. A machinist who made an attempt to enter the home of Jack Johnson with a gun in his hand was arrested yesterday. New York markets: Money on call steady 2 5-8 to 3 per cent, ruling rate 2 5-8, closing bid 2 1-2, offered at 3 3-4; flour quiet awaiting the government report; wheat firm No. 2 red 1.09 to arrive elevator; corn firm No. 2, 69.12 elevator domestic to arrive; oats firm, mixed nominal; rosin steady, turpentine firm; spot cotton closed quiet, 5 points higher, middling uplands 15.40, middling gulf 15.65.

There were several others in the store but no one else was injured.

KILLED BY LIGHTNING

Mayoan Citizen Struck While Standing in Front of Store.

Winston-Salem, July 8.—George Wilson, age about 25, a prominent merchant and one of Mayoan's best citizens, was killed by lightning while standing in his store about 8 o'clock last night.

Diplomats Want Children To Become Engaged.

London, July 8.—Edward, prince of Wales, would a heap rather mount his pony and go galloping over the greens surrounding Windsor castle than think of being married. But the royal court of England has decided that the young man must turn his attention to becoming engaged. Princess Victoria, who has just reached the fudge eating age, has been duly selected as the most promising bride for the heir to the throne of Great Britain. The princess is the daughter of Emperor Wilhelm of Germany and is a second cousin of Edward. Reports had it that she might be selected as the bride of the young king of Portugal, but the diplomats of Europe agree that the marriage between the Prince of Wales and Princess Victoria might at least call a halt in the increased building Dreadnoughts.

NO NOMINATION IN THE FIFTH TO CROSS OCEAN IN BALLOON

Congressional Convention Adjourned After 314th Ballot—Major Stedman Leader to Last.

(Special Star Telegram.)
Greensboro, N. C., July 8.—The Fifth District Congressional Convention adjourned at 3:45 o'clock this afternoon after July 26th, at 3 o'clock. This action was taken after the 314th ballot without result. On the 292nd ballot Major Charles M. Stedman came with 16 votes of nomination. Mebane's Rockingham vote switched from one to another in an effort to break the deadlock without desired result. There is diversity of opinion as to the wisdom of adjournment and many believe that Jones' nomination will result, but Stedman supporters say otherwise. The vote of Guilford carried the motion to adjourn.

There were 314 ballots taken and in all of these Major Charles M. Stedman, of Greensboro, led, except on the last ballots this morning, the final ballot being Stedman 149; ex-Judge E. B. Jones, of Winston-Salem 155; Brig. General B. S. Royster, of Oxford 85, and Dr. George D. Mebane, of Spray 16.

MURDERER TO GET LIBERTY

Young Porter Charlton May Never Face Jurors on Grave Charges.

New York, July 8.—New Jersey's legal machinery was set in motion again today in the case of Porter Charlton, who confessed the murder at Lake Como, Italy, of his wife, the former Mary Scott-Castle.

There was every indication, however, that Charlton after being given an adjourned hearing in the court of Oyer and Terminer, would be taken back to prison to await a formal demand from Italy for his extradition. Charlton's counsel had indicated his intention of applying for an adjournment of the hearing on the ground that the international phases of the case had not yet definitely shaped themselves.

There were some reports that the alienists who had been examining the youth almost daily in his cell were ready to submit their findings on his mental condition, and would bear out the claim of his father, Judge Paul Charlton, that the young man was mentally irresponsible, and, therefore, not a fit subject for extradition.

An adjournment for three weeks was generally expected by which time the sixty days allowed for the holding of prisoners on extradition applications would be nearing expiration. If at the end of that period extradition has not been granted, there will be nothing to prevent Charlton going free.

HAD A PITCHED BATTLE.

Race Prejudice as a Result of the Reno Fight.

Pittsburg, Pa., July 8.—Race prejudice still smolders in youthful breasts on the Southside as a result of the Fourth of July fight. Today a score or more of boys, white and black, had a pitched battle at a Summer playground school and the superintendent was forced to call the police reserves to rout the combatants. Twenty-five youngsters between the ages of 10 and 14 years were battered by little fists and the teachers for an hour turned their attention to washing gory faces and treating bruised and discolored eyes. No arrests were made.

Cleveland, July 8.—John D. Rockefeller celebrated his 71st birthday anniversary today in the same manner he spends practically every day of his Summers at Forest Hill. There were several telegrams of congratulations from friends.

TIGHT DEADLOCK FOR SOLICITOR

Fifth District Judicial Convention in Session Here Is Tied Up.

THREE CANDIDATES ARE OUT

In Session at Early Hour This Morning Unable to Agree Between Favorites—Practically No Change in Ballots.

With practically no permanent change since a little after 3 o'clock yesterday afternoon when the balloting began, the Fifth District Judicial Convention is in session in the Court House in this city at 3 o'clock this morning, apparently hopelessly tied up on the nomination of a solicitor to succeed Hon. Rodolph Duffy, of Onslow, who did not stand for renomination in order to make the race for Congress in the Third district.

The candidates in the field are Hampton D. Williams, Esq., of Duplin; H. A. Grady, Esq., of Sampson, and H. E. Shaw, Esq., of Lenoir. Since the voting began, Shaw has in the main maintained a slight lead, but the vote has so varied that first one of the gentlemen and then another has led from time to time in the balloting. None of the delegations show signs of weakening and as the Star goes to press this morning, it is probable that the convention will continue through at least a part of today. Duplin is standing loyally by Williams; Lenoir and Onslow solidly by Shaw and Sampson with an unappreciable division by Grady while Pender and New Hanover are dividing their votes between Williams and Grady with a small vote to Shaw.

The only radical departure from the vote came early last night when Pender cast her solid vote once for J. T. Eland, Esq., of Burgaw, and early this morning when New Hanover gave as high as 35 votes for Solicitor Rodolph Duffy, the present incumbent. Duffy is not a candidate for renomination. Mr. varner, a leading member of the Lenoir delegation, received a complimentary vote from New Hanover on several ballots but this was soon reduced to normal, which is Grady 24, Williams 17 and Shaw 1. There have been all sorts of overtures from New Hanover for a break in other delegations, but there is little disposition to flinch at the convention at 3 o'clock this morning. It is practically where it was at 3 o'clock yesterday afternoon. It has been thus far a good natured contest and the delegates appear to be enjoying their stay, motion after motion for adjournment having been voted and defeated during the early hours of this morning. A recess was taken for supper at 6:50 yesterday evening but the delegates promptly reassembled at 8:30 and the grind was begun again. Ex-Mayor Wm. E. Springer, of New Hanover, is presiding with Representative E. O. Koonce, of Chowan, vice chairman, and R. D. Johnson, Esq., of Vance, and J. H. Newbury, of Duplin as announcers.

The Opening Session.

The convention was called to order promptly at 2:30 o'clock by Maj. John D. Kerr, chairman of the District Judicial Executive Committee, all counties being represented by large delegations. The chairman read the seat assignments in the hall. When the various delegations had taken their places, Hon. Wm. E. Springer, of New Hanover, was called to the chair and representatives of the press were requested to act as temporary secretaries. Mr. D. S. Hines, of Duplin, was elected secretary of the convention and the roll of counties was called for, all the delegations sending forward their respective lists. NEW LINE TO MOUNT AIRY.

Movement on Foot to Extend Bent Mountain & Line Railroad (Special to Charlotte Observer.)

Roanoke, Va., July 7.—Roanokers interested in plans for building the Bent Mountain & Floyd Railroad from Roanoke City to Floyd Court House, N. C. to interview people and ascertain their views on a plan to extend the line to Mount Airy, passing entirely through Floyd and Patrick counties in this State and making the total length of the road 100 miles.

From Roanoke to Floyd Court House the distance is about 50 miles and from Floyd to Mount Airy it is 50 miles. The project will receive enthusiastic support from Floyd and Patrick counties in Virginia and Surry county, in North Carolina. Mount Airy, which is in Surry county, is growing rapidly and promises to become a railroad center. The line is projected through from Stoneville, N. C., on the Roanoke & Southern and one from Statesville and if the Floyd road should be extended there it will have exceptional railroad facilities. A special dispatch says that Congressman Carter (Class 1) of North Carolina in Washington urging immediate steps for a geographic survey of Floyd county as a preliminary for the actual construction of the Floyd railroad. There is no railroad in Floyd county at present.

FOREMAN MAY NOT RECOVER

Condition of J. R. Windham Who Was Shot by Own Hands Yesterday. (Special Star Telegram.)

Raleigh, N. C., July 8.—J. R. Windham, foreman of the Seaboard Air Line extra force of men working near Cary, this county, is lingering between life and death from effects of a pistol shot wound through his body received from his own revolver accidentally. He knocked his coat off a nail in his car. A 45 caliber revolver was in his pocket. It fired with the muzzle pointing so that the ball entered his body just above the right hip, so that it plowed its way through the body and came out near the right shoulder with force enough to bury itself in the top of the car.

DUPIN TEACHERS INSTITUTE.

(Eastern Carolina News.)

The school teachers of the county are with us this week in their Summer Institute. We trust that their work will be of great help to them and we feel sure that it will. Supt. of Schools Mr. D. S. Kennedy, will have able instructors for the Institute. This will be in charge of Prof. P. E. Shaw of the Teachers' High School and Mrs. Chas. L. Stevens, of Newbern, a former teacher at the State Normal College at Greensboro. The Institute will last for ten days or two weeks.

DUN'S OUTLOOK FOR TRADE.

Satisfactory Reports From Trade Centers—Trade Review.

New York, July 8.—R. G. Dun and Company's weekly review of trade tomorrow will say: From several of the important trade centers very satisfactory reports as to general business are received. But on the other hand there is an entire lack of buoyancy in several of the important industries. All the markets now pivot on the crop reports.

Quiet conditions in iron and steel are to be expected at this season. In some instances, and particularly in the Chicago district, steel mills remained open because of orders booked or sufficiently numerous to warrant employment through the Summer. Inquiries are fairly numerous and mid-dlemen in the Pittsburgh district hold the opinion that by the middle of the third quarter there will be considerable business. The output of plates and structural shapes against contracts is fairly heavy.

Extensive curtailment of production, amounting in many instances to the complete closing of large plants is noted in textile lines and cotton manufacturing plants anticipate continued shutting down until the new cotton comes to hand or prices fall materially lower. The demand for merchandise at first hands is very limited. Spring lines in cotton are attracting more attention and underwear and hosiery houses are doing a better business. Dress goods and men's wear mills have curtailed production sharply.

Some large shoe orders are placed by visiting buyers in the Boston market. Some improvement has developed in the demand for leather. Prices generally are weak and declining.

GOVERNMENT CROP REPORT.

Conditions of Corn and Wheat Given—Acreage in This State.

Washington, July 8.—The July crop report of the Department of Agriculture issued this afternoon shows the following results of acreage and condition on July 1st:

Corn area planted is 114,083,000 acres an increase of 5,312,000 acres or 4.9 per cent. as compared with last year's final estimate.

The average condition of corn was 85.4 as compared with 85.1, the ten-year average.

The amount of wheat remaining on farms is estimated at about 38,739,000 bushels as compared with 38,708,000, the ten-year average.

The average condition of Spring wheat was 81.5 as compared with 81.3, the ten-year average.

The average condition of Spring wheat was 81.6 as compared with 81.1, the ten-year average.

The average condition of Spring and Winter wheat combined was 73.5 as compared with 84, the ten-year average.

The average condition of the oat crop was 82.5 as compared with 86.6, the ten-year average.

The corn average in North Carolina on July 1st was 3,072,000 condition 88 compared with ten-year average of 88; South Carolina average 2,418,000; condition 87 compared with ten-year average of 84; Virginia average 2,142,000, condition 87 compared with ten-year average of 90.

The condition of Winter wheat in Virginia on July 1st was 91 compared with ten-year average of 83; North Carolina, 95 compared with ten-year average of 82, and South Carolina, 84 compared with ten-year average of 73.

FOURTH DISTRICT JUDICIAL.

Nominations Yesterday at Rocky Mount Were All Unanimous. (Special Star Correspondence.)

Rocky Mount, N. C., July 8.—The judicial convention for the fourth district was called to order at 11:30 this morning in the Masonic opera house by Mr. A. P. Cooley, and Mr. Leslie Perry, of Vance county, was named as chairman, and Mr. F. A. Hampton, editor of the Twin-Country Echo, secretary. All the counties in the district were called and each was found to be represented.

The temporary organization was then made permanent upon motion and upon Mr. Spruill's motion it was decided to dispense with the committee on platform and organization, as it was known that the same was not necessary. The naming of the executive committee was then gone into, the delegates from each of the counties naming a man from their ranks. The counties were then called out and the following executive committee members were named: Franklin county, R. B. White; Vance, J. C. Kittrell; Nash, R. A. P. Cooley; Wilson, F. S. Hasgill; Martin, W. Stubbs.

The nomination of Judge for the Superior Court was next gone into and Mr. F. S. Spruill, of this city, presented the name of Judge Charles M. Cook, doing so in a happy style though roughly bringing out the sterling qualities of the candidate. The former public servant. In a few fitting remarks Mr. G. M. T. Fountain, of Edgecombe, stated that it gave Edgecombe pleasure to second the nomination of so able a public servant. Mr. Conner, of Wilson, addressed the meeting for a few minutes, bringing out the worth of the judge during time past and he asked that the nomination be made unanimous, and that by a rising vote. The vote was taken and it was declared unanimous.

Next in order was the naming of the Solicitor. Mr. A. P. Cooley, of Rocky Mount, in terms besting the occasion presented in nomination Mr. R. G. Allsbrook, of Edgecombe. The motion of Mr. Cooley received a second from Mr. W. O. Howard, of Tarboro. Mr. C. C. Daniels, the retiring solicitor, came upon the rostrum and with words that rang true he thanked the delegations for so harmonious a meeting, illustrating the fact that such a meeting could not but be a contributor to the cause of the Democracy. The nomination of Mr. Allsbrook was unanimous.

LICENSES GRANTED.

Rocky Mount and the Near-Beer Problem—Restrictions Are Placed. (Special Star Correspondence.)

Rocky Mount, N. C., July 8.—Three applicants before the city board of Aldermen for near-beer licenses were granted the privilege of securing them at last night's meeting of the city council, and this morning bright and early the city clerk was besought for the necessary documents for the opening up of the places. For over a month the city has been without the saloons and the Recorder's court has noted a very perceptible dropping off in the drunks of the city. In fact the Recorder remarked when speaking on this subject that there had been only "one drunk tried in the city court in the past three weeks."

There have been applications for consideration at both the regular and called meetings of the board, ever since the closing of the near-beer placings on June 2, when the aldermen discovered through an analysis of their stock that they were selling the real article instead of the near. License was refused these persons to again open their business and then began the seige for license by other parties, while the old operators pleaded for a reconsideration of the board's actions.

With the granting of the license this time the board puts greater limitations on the traffic than ever before. All screens must be abolished, and all windows have clear glass in them, and the view from the street shall not be obstructed. The hour of opening is named as five in the morning and they shall close at nine at night, and this is to be strictly adhered to and under police regulation. With the exception of one or two minor details the near-beer regulations and laws of the city are practically what those of the open bar were before prohibition went into effect.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? The pies? No, it's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll give you renewed appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Robert R. Bellamy's.

ALL WRONG

The Mistake is Made by Many Wilmington Citizens.

Don't mistake the cause of backache. To be cured you must know the cause.

It is wrong to imagine relief is cure. Backache is kidney ache. You must cure the kidneys. A Wilmington resident tells you how.

A. M. Wilson, 402 S. Fifth St., Wilmington, N. C., says: "I am a strong endorser of Doan's Kidney Pills and shall always praise them. I believe Doan's Kidney Pills the best remedy to be had for kidney trouble. My back was very weak and lame and though I wore plasters and tried liniments I did not get relief. The kidney secretions were so frequent in passage that I had to get up several times at night and they also contained sediment. I heard so much about Doan's Kidney Pills that I decided to try them and procured a box at Robert R. Bellamy's Drug Store. They cured me after other remedies had failed and it can be plainly seen why I am so willing to recommend them."

TRAP SHOOT IN AUGUST.

Expert Shots to Gather in Charlotte Next Month.

Charlotte, N. C., July 8.—The Interstate Trap Shooters' Association will meet in Charlotte on August 16, 17 and 18 to hold the annual shoot which is of great interest to the gun clubs of North and South Carolina and Virginia.

The shoot will take place on the Charlotte Gun Club grounds, back of Latta Park and doubtless there will be several hundred visitors in the city to participate in the events. The association has a membership of 135 men and there are many who attend these meetings from the large manufacturing concerns of the State and gun shells Expert marksmen from all over the country often come to the shoots and take part in them and the occasions are looked forward to with the greatest interest by enthusiasts of this city.

The Charlotte Gun Club members will practice each day on their grounds for the coming event and it is hoped that one of the local marksmen will capture the trophy of the Carolinas and Virginia.

NEGRO SHOOT NEGRESS.

Henry Hagan, of Goldsboro, Wages Annie Morris at Wilson.

Wilson, N. C., July 7.—This afternoon about one o'clock a negro, Henry Hagan, alias Henry Hanks, hailing from Goldsboro, shot Annie Morris twice, once ball passing through her right arm, the other through the hip. After the shooting the would-be murderer made his escape, and it is presumed he went in the direction of Goldsboro.

Why is Sugar sweet? If sugar did not dissolve in the mouth you could not taste the sweet. rests, towel rack, and every up-to-date feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the light touch for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a handle. No half-hour preparation. It not only is less trouble than coal, but it costs less. Absolutely no smell, no smoke, and it doesn't heat the kitchen.

The nickel finish, with the turquoise blue of the enameled chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

nominated for a two years term in the
House, with the two years salary
amounting to \$15,000. In the great
Democratic State of Texas, Senator
Chas. A. Culberson's campaign for
the renomination for a six years term,
carrying a remuneration of \$45,000,
cost him only \$27. Look at the big
difference between the men, too!

Recently a most daring series of
daylight robberies have occurred in
Baltimore, many residences having
been robbed of diamond rings, gold
watches, jewelry of all kinds, money
and other valuables. The Baltimore
Evening Sun of Thursday states that
the burglars were two negro girls, aged
18, whose operations became so bold
that they were finally caught by the
detectives. There is a great deal of
sneak thievery being done in Wilming-
ton now and it is hoped the city au-
thorities will take some steps to de-
tect the thieves. They generally oper-
ate early in the evenings.

Remarks the Atlanta Constitution:
"Hardly had the colonel cooled from
the loving embrace of Big Bill Taft,
thereby enhancing the market value
of party regularity, support of the ad-
ministration and other things to the
same general effect, than he turns
squarely round and plants a blow in
the figurative solar plexus of one Ric-
ard Achilles Ballinger, the sorest spot
of the said administration." That is
all very grand, but the nimble Col-
onel has shifted the whole responsi-
bility to the shoulders of prevaricating
newspaper correspondents. Between
the Colonel and the newspaper
men who get in touch with him oc-
casionally, another candidate for the
Ananias Club sooner or later will be
ready for initiation.

It is to the credit of the prop-
rietors of the moving picture shows in
Wilmington that they early recogniz-
ed the impropriety of exhibiting in
Wilmington the Jeffries-Johnson slug-
ging match. Mayor MacRae, who is
ever guided by a high sense of duty,
did not wait for formal action by the
Board of Aldermen with regard to
suppression of the pictures, but on
Wednesday afternoon he notified the
show owners that the pictures must
not be exhibited here. The prompt
action and great public service of the
Mayor will be appreciated, and our
citizens will also honor the picture
show proprietors for the high stand-
ard which they have set for their
exhibitions by previously having, of
their own accord, decided that they
wanted no Reno depraving scenes as
a feature of their entertainment. They
maintain high class and refined ex-
hibitions and that accounts for the pop-
ularity not only of the shows but of
the gentlemen who conduct them.

DELIGHTED WITH HIMSELF.

About one of the worst features of
today's journalism in the United
States, special reference being made
to the metropolitan press, is its in-
creasing unreliability. Of course,
newspapers as a general thing aim to
be accurate, but there is a class of
fake newspapers and fake writers who
so exaggerate everything all the time
that when you see it in a great city
paper you don't know whether it is
true or not. At any rate, it is safe for
one to keep his eyes skinned for a de-
nial close upon the heels of newspaper
articles and dispatches which but a
few days previously have been accept-
ed with intense interest as the truth.

When Col. Roosevelt returned from
Europe he announced that he had
nothing to give out, and that when he
did make a statement of any kind he
would do it authoritatively. He warned
newspapers and the public that un-
less statements alleged to come from
him were within quotations points it
could be accepted as not true. How-
ever, quotation points, Col. Roosevelt
should know, are no guarantee of either
reliability or veracity, for there can
be fake quotation points as well as
fake interviews. It is as easy to run
a fake story with every paragraph
quoted as it is to publish a lie out of
the whole cloth without any frills or
quotations to it.

We have seen so-called Roosevelt in-
terviews and remarks enclosed in quo-
tation points only to see them shortly
afterwards repudiated by the Rough
Rider. Col. Roosevelt either talks so
that nobody can understand him, or
else the newspaper men who come in
contact with him are a set of incorrigi-
ble fakers. It must be remembered,
however, that it is as easy for a man
who is interviewed to try to put the
blame on the interviewers as it is for
the interviewer to draw largely on his
imagination for what he is trying to
make a man say.

Recently the New York Tribune
(Rep.) remarked that "no man in the
country, not excepting President Taft
himself, is more delighted with the
success of the Taft administration than
former President Roosevelt." The
Tribune also went on to say that "Mr.
Roosevelt's record has been an open
book for all men to read, and in the
light of that record no man can im-
pugn the character of his Republican-
ism or find the slightest ground for
suspecting him of sympathizing with
the insurgents."

So far as we are concerned we have
seen nothing in what Roosevelt has
said or done to intimate in any great
degree that he is either for the Taft
administration or is lining up with the
insurgents against it. As a matter of
fact, the man at Oyster Bay is about
as slick a political duck as ever got
into the puddle. He can play as fine
a game on the fence as any man in
America and if he can make Taft be-
lieve that he is a Taftite and convince
the insurgents that he is not against
them, he will be quite well satisfied
that his plans are working out in a
way to make him feel delighted. The
fact is, the adroit political supple-
ment is all things to all men and he can
get off at it about as slick as a bounty
hunter.

Notwithstanding the positive state-
ment of such a reliable Republican
newspaper as the New York Tribune,
it was announced a few days ago in
the press dispatches that Roosevelt
was lined up with the insurgents and
he was quoted as declaring that he
was supporting Poindexter for United
States Senator from Washington as
against the Ballinger faction candi-
date in that State. His words were
"quoted" to the effect that he was lined
up with the Poindexter insurgent
crowd and the whole story had about
it the element of truth. The next
thing we see, however, is a denial
from the Colonel and thus it runs—
affirmations one day chased by denials
or hedging the next. The readers of
newspapers are getting so when they
see anything in print they don't know
whether it is true or not. This kind
of fake newspaperism is discrediting
to American journalism. The whole
trouble comes from the American ten-
dency to sensationalism and the man-
ia to get a scoop on some rival news-
paper. The yellow journals are after
the stuff and the bigger the lie the
more they pay for it.

The average newspaper will go on
publishing all the fake and all the true
stories, together with the denials and
hedgings, for what they are worth.
Probably the truth may be sifted out
in the long run, so every reader will
have to be his own judge of what he
sees in the rot that is daily served
up for their entertainment and dele-
tation. However, it is not well to
count on the Oyster Bay man to be
either an insurgent or a Taftite. He
is a Roosevelt Republican trimming
his sails to the whole bunch, antago-
nizing none but soft-soldering the
whole layout.

If a Taftite or an insurgent can
make out exactly what Roosevelt is,
it is more than we have been able to
do after watching his three-year
performances for the last fifteen years.
However, the coffee grounds in the
cup of the neomancer at every turn
plainly indicate that the Colonel al-
ways has been delighted and always
will be delighted—with himself.

Swat the fly—and also the home
team.

CONGRESSMAN KITCHIN.

The renomination of Congressman
Kitchin, of the Second North Caro-
lina District, makes the fifth Demo-
cratic candidate placed in the field
for election this Fall. The Democratic
Congressional convention met at
Rocky Mount on Thursday and unani-
mously renominated Mr. Kitchin for
his sixth term. It was a high honor
that the convention paid this distin-
guished Carolinian in dispensing with
the formality of adopting a platform,
the unanimous sense of the convention
being that the candidate was a whole
platform within himself. This is a man-
ifestation of the highest confidence,
and it is indeed an honor for any
man to be considered superior to any
principles that a convention might
promulgate.

There is no more popular public
man in North Carolina than Congress-
man Kitchin, who is a brother of one
equally strong in the confidence of the
people of North Carolina—Governor
William W. Kitchin—(par noble frat-
rum). The years ago we were present
in Goldsboro when the Hon.
Claude Kitchin received his first nom-
ination for Congress and he then be-
gan a public career that has won for
him great honor at Washington and
gained for him the profoundest re-
spect and confidence of all the people
in North Carolina. He has well fixed
ideas and grounded convictions upon
the principles and policies which he
conselves are Democratic and he has
maintained them without swerving to
the right or to the left. He is one of
the strong men of North Carolina's
Congressional delegation and the longer
he serves the greater is the confi-
dence of the Democrats in his mag-
nificent integrity and staunch Demo-
cracy.

ELEVATING WOMEN.

At Boston on Thursday a woman
was elected president of the National
Educational Association to succeed
the Hon. J. Y. Joyner, Superintendent
of Public Instruction of North Caro-
lina. The newly elected president is
Mrs. Ella Flagg Young, superintendent
of the public schools of Chicago, one
of America's most intellectual and re-
markable women. By reason of the
fact that Mrs. Young got to be the
head of the public schools of a great
city like Chicago, it gave her a national
reputation. The new honor which
has been conferred upon her further
distinguishes her as one of the great
women of the United States.

A man ran against Mrs. Young for
president of the National Association
but the lady teachers and educators
were better politicians than the men,
so they pulled their candidate through,
thus scoring another achievement for
the American woman.

Whenever the ladies make up their
minds to have their way, they carry
the day. Whenever they take a notion
to vote as citizens of our States and
of the United States, you will see gal-
lant Americans making way for them
at the polls. With the men it will not
be a matter of propriety but a clearing
of the track for the lady steam roller.

The Ballinger bluff does not seem
to work very well with the public.
Nevertheless, he talks like a man who
has had assurances that the steam
roller will not be headed in his direc-
tion.

Jack Johnson, the negro who knocks
down, and Booker Washington, the ne-
gro who lifts up, are two different
types for the colored brother to con-
template with a view to making a
same choice for emulation.

The Democratic arithmetic has al-
ready begun to play its part in the
campaign. Ciphering on the result is
very entertaining, but let us hope that
the sum of Democratic chances will
not have to be worked out by the
rule of short division in November.

The North Carolina Socialists held
a State convention at Greensboro, July
4th, and nominated a full State ticket.
We see no necessity for a Socialist
party. If they make a close study of
the two old parties they will observe
that many socialistic theories are put
into actual practice by both.

When it was determined that the
Rough Rider would help Gov. Hughes
to get his direct primary election bill
through the General Assembly of New
York, it was announced: "Roosevelt
is in line with Hughes." Judging from
what happened to the bill, Hughes is
now in the soup with Roosevelt.

ington Herald.

tion has dropped off 45 cents. It is
now easy to show the wife where that
other 50 cents went to.—Baltimore

It is a little difficult to understand
how Roosevelt is going to fight Bal-

linger without hitting Taft. How Taft
can continue to support Ballinger with-
out getting in the way of the "big
stick" is likewise puzzling. Mean-
while, it is no fight of ours.—Savann-
ah News.

The future of the Democratic party
depends largely upon keeping herself
clean, with clean men as standard
bearers. There is nothing that will so
strengthen the opposing party as to al-
low our own party to be ruled by a
ring. Keep this down, keep clean, so-
ber, consistent, trustworthy men at
the front and we are safe.—Pender
Chronicle.

E. J. Watson would be the very best
man that the government could get
to exploit American industries in the
other continent, but South Carolina
could ill afford to lose him until his
work had reached such a position that
some one else could carry out his
plans. We cannot afford to lose Wat-
son. He has done probably more for
the development of the farming indus-
try of this State than any man.—Flor-

Memphis has a divorce case that is
out of the ordinary—and it is pretty
hard to find an extraordinary divorce
case, there are so many of them. The
plaintiff is Mrs. Lamar, aged ten years,
who was married when she was nine
to a man aged thirty-two. She tells
the court that her one year of married
life has quite convinced her that she
was too young to know her own mind
when she became a bride, wherefore
she begs to be released.—Savannah

It cost Congressman Sibley of Penn-
sylvania, residing in a rock-ribbed Re-
publican district, \$40,000 to secure a
renomination, and the election and his
expenses are still ahead of him. The
congressional term is two years. Sen-
ator Charles A. Culberson, of Texas,
spent \$27 in his campaign for re-nom-
ination to the United States Senate,
and the nomination is equivalent to
election. The Senate term is six years.
These incidents may serve to illustrat-
e what difference there is between Re-
publican and Democratic constitu-
encies.—Savannah News.

It is a significant fact that while
Judge O. H. Allen, who is holding
Robertson Superior Court, in his charge
to the grand jury Tuesday morning
was calling to the attention of the
members of the jury the importance
of visiting the schools in their com-
munities, keeping posted as to how
the schools were being taught, and do-
ing everything possible to make them
efficient and attractive, at the same
time the executive committee of the
County Farmers' Union, in session in
a room below, was passing a resolu-
tion recommending to school commit-
tees throughout the county the im-
portance of selecting teachers with
particular care. Under the leadership
of President W. S. Colton, the Farm-
ers' Educational and Co-operative Union
of Robeson is paying particular at-
tention to the educational feature,
realizing, as Judge Allen stated in his
charge to the grand jury, "that igno-
rance is a dangerous thing" and that
with the right kind of education all
other good things will follow.—Lum-
berton Robesonian.

It is with great pleasure that we
learn that the city of Wilmington has
appropriated \$200 for a float to rep-
resent their city at our Bi-Centennial
July 25-30. We also understand that
they will send the Caswell Band over
to attend also. The Newbern people
appreciate this action on the part of
our sister city, and it shows that Wil-
mington believes in helping her sister
city commemorate her two hun-
dred birthday and at the same time
strengthen Wilmington. We learn with
regret that Raleigh refused to be rep-
resented by a float and we today clip
the following from the News and Ob-
server:

"Raleigh should be represented at
the bi-centennial of the founding of
Newbern. It marks the close of two
hundred years of the existence of a
city of eastern North Carolina in which
the whole State takes pride. It is fit-
ting that Newbern celebrate and it is
fitting that Raleigh take official part
in that celebration.

"The Board of Aldermen of Raleigh
should take a second thought in the
matter. The people of this city would
not object to the slight expense to be
incurred in having Raleigh repre-
sented by a float in the parade. In-
deed we might well do more than that.
The occasion is worthy of considera-
tion. Raleigh has spent money and has
sent delegates to events of far less
importance. Therefore let us all get
together and take part in Newbern's
historic event. It is the proper thing
to do."—Newbern Sun.

The Bill Nye memorial committee
of the North Carolina Press Associa-
tion chose wisely and well in Sali-
sbury Wednesday, when a building at
the Stonewall Jackson Training school
was decided upon as the form of the
memorial. It is precisely such a choice
as Nye himself would have made. A
lover of his kind, who would rather
sneak away or friendless boys should
receive benefits in his name than that
the stateless shaft on earth should
be erected. Furnished and equipped,
the cottage will cost five thousand
dollars or more, and the public is now
asked to contribute to its erection.

How many are there who have not
read Bill Nye with delight and a light-
ening of their burdens? He was him-
self—no other could have written his
pages—a most human-hearted and lov-
able man. We reckon him among the
real benefactors of humanity in his
generation. His life, all too sad in
some respects, was partly spent in
North Carolina, and his affection for
and association with this State were
close. Here, too, he lies buried. The
public's evidences of willingness to
contribute toward any proper mem-
orial have surpassed expectations. Large
numbers of people will deem this
opportunity a privilege. The Ob-
server, as one of five newspapers desig-
nated for the purpose, will be glad
to receive and acknowledge subscrip-
tions.—Charlotte Observer.

STATE DENTAL SOCIETY

**Thirty-Sixth Annual Meeting Will be
Held at Seashore Hotel July 13
to 16th Inclusive.—Pro-
gramme Announced.**

Arrangements for the 36th annual session of the North Carolina Dental Society, which meets at Seashore Hotel, Wrightsville Beach, Wednesday, Thursday, Friday and Saturday of next week, have been completed and the programme for the convention was announced in this city yesterday morning. The society is composed of practically all of the leading dentists of the State and it is expected that the attendance will be unusually large.

This year. Not only will the dentists come in great numbers, but many will be accompanied by their wives and other members of their families for several days' sojourn at the most popular seaside resort in the South.

The meeting of the society will be preceded by the annual meeting of the North Carolina State Board of Dental Examiners, which will convene in the assembly hall of the Seashore Hotel Monday morning at 9 o'clock for the examination of applicants to practice dentistry in this State and continues in session until the work has been completed. The members of the board are: Dr. V. E. Fisher, president, Elizabeth; Dr. J. H. Hunt, Asheville; Dr. J. H. Wheeler, Greensboro;

Dr. J. S. Spurgeon, Hillsboro; Dr. J. N. Johnson, Goldsboro; Dr. C. A. Thompson, Wilson. It is understood that there will be a large number of applicants for licenses.

The first session of the society will be held Wednesday evening, beginning at 8:30 o'clock. The society will be called to order by the president, Dr. J. C. Watkins, of Winston-Salem, after which prayer will be offered by Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church. This will be followed by the roll call and the reading of the minutes of the last

Tickets will be sold to children between the ages of five and twelve years at one-half of above rates.

The cost of a Business Local is a small fee to pay for securing a good tenant.

Friday morning the society will meet at 9 o'clock and the following will be the programme: "In Memoriam: Life and Work of Dr. E. L. Minter," Dr. V. E. Turner, Raleigh; paper, "Cause of the Decay of Teeth," Dr. H. N. Simpson, Stoneville; discussion opened by Dr. E. J. Tucker, Raleigh; paper, "Oral Prophylaxis," Dr. J. A. White, Williamston; discussion opened by Dr. I. W. Jamieson, Charlotte; paper, "Prophylaxis of the Little Teeth," Dr. Louis P. Gorbach, Rock Mount; discussion opened by Dr. H. Dreher, Wilmington; paper, "Local Effect on Children's Teeth Does the Eating of Sweets Have?" Dr. S. A. Visanska, M., D. Atlanta, Ga.; discussion opened by Dr. Claude B.

EXCURSION FROM LUMBERTON.

Nearly Five Hundred Here Yesterday From Up Seaboard Road.

Some five hundred excursionists from Lumberton and intermediate points spent yesterday in Wilmington and at Wrightsville Beach, having arrived about 10 o'clock in the morning and returning last night. The Tidewater Power Company had a number of suburban cars at Front and Red Cross streets to convey the party to the beach and a majority went direct to the resort. The party returned to the city late in the afternoon and visited the points of interest around Wilmington. It was one of the largest excursions of the season and the day was very pleasantly spent by the entire party.

Mrs. Margaret Bell, Miss Helen Bell and Miss Etta Henry, who have been visiting Mrs. Bell's cousin, Mrs. E. B. Snipes, No. 611 Red Cross street, returned Thursday to their home at Long Creek.

Capt. John M. Walker and daughter left yesterday afternoon for Saluda, N. C., where they expect to spend the remainder of the summer. Mrs. Walker and the other members of the family are already there.

Prof. and Mrs. H. C. Schultz and children, who have been spending some time with their parents, Mr. and Mrs. H. R. Ruark, on North Fifth street, returned to their home in Buffalo, N. Y., yesterday.

NEW WILMINGTON CONCERN.

Atlantic Paint & Varnish Works Applied for Charter.

The Atlantic Paint & Varnish Works, Wilmington's latest enterprise, has applied to the Secretary of State for a charter, which is expected to be received within a few days. The incorporators are Messrs. Platt W. Davis, C. N. Evans, Ashley Curtis and David Ray and the concern will have ample capital to answer all purposes of the corporation, which will manufacture paints, varnishes, etc., and sell the products at both wholesale and retail. The products of the concern will be manufactured from a formula recently discovered by Mr. Thomas W. Pritchard, the well known chemist of this city. The company has already secured a building, location not announced, and will begin at once the manufacture of paints, varnishes, etc.

SIXTH STREET BRIDGE.

Commission Decides to Call for Bids for the Structure.

The Street Commission met at 3:30 o'clock yesterday afternoon in regular semi-monthly session with Capt. Louis Belden, the chairman, presiding, and Messrs. W. L. Parsley and George Heyer, members of the Board. City Engineer Humphreys and Clerk Gause in attendance. Messrs. Wm. E. Worth and R. H. Brady, the other two members, were unable to be present, the former having a business engagement at that time and the latter being out of the city and not returning until late in the afternoon. The only matter of general interest was the action of the Commission in authorizing City Engineer Humphreys to advertise for bids for the construction of a bridge across the railroad tracks at Sixth street, an agreement having been reached between the Commission and Atlantic Coast Line as to what part of the expense each will bear. It is the purpose of the Commission to begin the construction of the bridge at an early date.

TO CAMPAIGN THE STATE

Three Doctors Appointed to Wage Fight Against Hookworm.

Raleigh, N. C., July 8.—Doctors B. W. Page, of Sneed's Ferry; C. F. Strozier, of Wilmington; and Claude Pridgen, of Kinston, have received appointments from the Rockefeller Hookworm Commission as district field agents to campaign this State against hookworm disease.

These men are among the most prominent young physicians in the State and it is announced they were selected on account of their medical knowledge, integrity and sound common sense, which will give them weight with the medical profession, teaching the profession and laity at large. These men will be assigned to districts of five or six counties each. During encampments of North Carolina National Guard at Morehead this summer, Second and Third Regiments, the men will be examined for hookworm.

Double Strength Vanilla. Blue Ribbon Vanilla goes twice as far—the flavor is perfect.

PERSONAL PARAGRAPHS.

—Mr. S. H. Parker, of Kerr, N. C., was in the city yesterday making business calls.

—Mr. Geo. B. McLeod, of Lumberton, spent yesterday in Wilmington and returned home on the afternoon train.

—Mr. E. D. Pearsall, of Rocky Point, vice president of the North Carolina Rural Letter Carriers' Association, is in the city in the interest of the good roads movement in North Carolina.

—Rev. Frontiss Liles, pastor of the Jacksonville Baptist church, passed through the city yesterday on his way to Wrightsboro where he will fill the pulpit tomorrow, morning and evening.

LOCAL DOTS.

—The schooner Annie F. Kimball, Capt. Southard, arrived yesterday from Philadelphia with cargo of fertilizer constituents for the Navassa Guano Company; vessel to C. D. Maffitt.

—The schooner John W. Hall, Capt. Bennett, cleared yesterday for Little River, S. C., to receive cargo of lumber from the Hammer Lumber Company.

—This afternoon at 2:30 sharp there will be held the regular monthly meeting of Cape Fear Council No. 374, U. C. T. All members are urged to be present as the session will be a very short but important one.

"Love Among the Roses," a beautiful motion picture, a Biograph subject, will be the feature of today's programme at the Bijou theatre. Other pictures of interest will be "Hemlock Hoax, the Detective," and "The Fisherman's Luck." Today's bill is considered one of the best yet shown at the popular amusement retreat and will be seen with interest.

In Justice Borenmann's court yesterday Dora Crawford, colored, was given a hearing on the charge of stealing a gold bracelet from a lady at whose home the negress was employed. Two witnesses testified to having seen the negress with the bracelet on the day of the alleged larceny, while the defendant denied ever having a bracelet. The justice found probable cause and bound the defendant over to the Recorder's court, and in default of bond she went to jail.

EDITOR ROSCOWER HERE.

Goldsboro Newspaper Man Just Back From Long Western Trip.

The Star had a pleasant call yesterday from Editor A. Roscower, of the Goldsboro Herald. The esteemed Goldsboro editor was on his way to Wrightsville Beach to make arrangements for a visit of his family at the seaside at an early date. Mr. Roscower returned to North Carolina about ten days ago from his great Western tour, an enjoyable jaunt of 11,800 miles. His trip was from the Atlantic to the Pacific and his itinerary included many States and cities, and a trip over into northwest Canada. He was steadily on the go and saw many intensely interesting sights. During this hot weather it was refreshing to hear him relate how three weeks ago he was at the top of Mount McClellan, in Colorado, 17,000 feet above the sea level, where there was ice and snow, while the lakes below are perpetually frozen over. He also went up on Pike's Peak, 15,000 feet in height, where there was more snow and ice. These great mountains are scaled by means of cog-wheel railroads.

Columbian Injured at the Beach.

Mr. Alexander Rowland, a popular young man of Columbia, S. C., guest at Seashore Hotel, Wrightsville Beach, was painfully injured Wednesday afternoon by a dive from a launch into the waters of Masonboro Sound, his head striking the bottom with great force, badly twisting and wrenching his neck. Mr. Rowland was out with a party of friends for still water bathing and misjudged the depth of the water at the point where the craft was anchored. He was taken to the hotel, where he was given medical attention. It is thought that he will be able to be out again in a few days.

The Lyle System at Lumina.

The Tidewater Power Company has just installed at Lumina, Wrightsville Beach, the Lyle system of rope throwing for the protection of persons while surf bathing. A rope gun, which has power to throw a rope 400 feet out to sea, is used. The end of the rope is attached to a steel bullet and the rope can be sent within easy reach of the bather in distress within a moment after one's perilous condition is discovered. Mr. Freeman Yopp is the life saver at Lumina this season.

Death of Infant Son.

Friends of Mr. and Mrs. J. H. Mohr will tenderly sympathize with them in the death of their five-months-old son, John Henry Mohr, which occurred at the family residence, No. 4 North 12th street, at 2 o'clock yesterday afternoon, following an illness of some weeks. The funeral will be held from the home at 10:30 o'clock this morning, conducted by Rev. W. A. Snyder, pastor of St. Paul's Lutheran church; and interment will be in Oakdale cemetery.

FIGHT PICTURES FORBIDDEN.

Norfolk Mayor Rules Against Them—Negro Mayor Also Acts.

Norfolk, Va., July 8.—Mayor Riddick said today that although there is a legal point involved he will suppress the Johnson-Jeffries fight pictures if it lies within his power. Chief of Police Kizer tonight issued orders positively forbidding the Johnson-Jeffries prize fight pictures in Norfolk on the ground that they are calculated to lead to race troubles. Anniston, Ala., July 8.—Addison D. Snow, the colored mayor of Hobson City, the exclusively negro town near here, announced today he would not permit the fight pictures to be shown in Hobson City, lest they augment race feeling.

DIED.

MOHR.—At the home of his parents, Mr. J. H. and Mrs. Nellie Mohr, No. 4 North 12th street, at 2 P. M., Friday, July 7th, JOHN HENRY MOHR, aged four months and 28 days. Funeral from the residence this (Saturday) morning at 10:30 o'clock; interment in Oakdale cemetery; friends and acquaintances respectfully invited to attend.

FIRES IN BONITZ BUILDING.

Third Blaze Damaged Stock of Garretton & Toxey, on Market.

The stock of teas, coffee, spices, etc., of Messrs. Garretton & Toxey, No. 131 Market street, in the Bonitz building, was damaged to a considerable extent by water as the result of a stubborn fire which broke out in the rear of the store room at 7:35 o'clock last evening. The loss is fully covered by insurance, the firm having insurance on the fixtures and stock with the agency of Mr. Clayton Giles to the amount of \$1,500. The damage to the building, which is only a few dollars, is also fully covered by insurance.

The origin of the fire is a mystery. At 5:37 P. M. the firemen were called out by an alarm from box 22, corner Second and Market streets, on account of a small blaze in the rear of the Bonitz building. The second floor, near the second street side of the structure, and some 30 feet from the place where the fire at 7:35 originated. The first blaze was extinguished in short order. However, about an hour after the firemen left someone at the hotel discovered a life size blaze short distance from the first fire. This was put out by attacks of the hotel. At 7:35 P. M. smoke began to pour into the second floor of the hotel in great volumes and a second alarm was turned in from box 22. The fire was found to be in the rear of the store room, which was in the rear of the building, in the room in which the fire was located. The flames were leaping up the wall on the east side. Owing to the dense smoke the firemen found it exceedingly difficult to fight the flames, but they soon had every spark extinguished with every little damage to the building. The room in which the fire was located was used for storage of boxes, etc. Chemicals were used but it was also found necessary to use water and it was this that caused the greatest amount of damage.

Messrs. Garretton and Toxey left the store only about 15 minutes before the blaze was discovered, being detained there later than usual on account of the second blaze in the Bonitz building. They were on their way home when they heard the alarm and hurried back to the store. No one was prepared last night to cross the city as to the cause of the third fire, unless it caught from a spark from the first or second fires.

CONGRESSMAN BROWNLOW DEAD.

Passed Away at Home in Tennessee—His Career in U. S. Congress.

Johnson City, Tenn., July 8.—Congressman Walter Preston Brownlow died here tonight at 7:20 o'clock of Bright's disease.

Washington, July 8.—Walter Preston Brownlow, a familiar figure in the House, where he had served since 1876, died here tonight. He was a native of Tennessee and had served in Congress since 1876. His career ran a gamut, from messenger boy at ten years of age, thence his apprenticeship and later, in 1876, he purchased the Jonesboro Herald and Tribune, of which he since had been editor and proprietor.

He was chairman of the Congressional campaign committee of his district; delegate to the National Republican Convention in 1880; Republican National Committeeman for Tennessee three times; doorkeeper of the House in the 47th Congress, and for 14 years thereafter a representative in Congress. For the last ten years he had been a member of the Appropriations Committee. He was married and had five children.

Mr. Brownlow was 60 years old. He represented the First Tennessee district seven terms in succession and had been nominated for another term. He made a record surpassing all other Congressmen from the South in point of achievement. In 1876 he purchased the Jonesboro Herald and Tribune, of which he since had been editor and proprietor.

MRS. ELLIE T. BEERY.

Resolutions Adopted by Trinity Church Sunday School.

The following resolutions were recently adopted by the Sunday School of Trinity Methodist church:

"Whereas, it has pleased our Heavenly Father in His all wise providence to call to Himself our loving and faithful sister, Mrs. Ellie Trammell Beery, we sorrow that our loved one has been taken away from us, yet we rejoice in the hope the gates of the celestial city have been opened to her and to let her enter to rest from her labor."

"Whereas, her faithfulness to her church and Sunday School was remarkable, and in her death we realize that her husband has lost a true wife, the children a loving mother, the Sunday School a true and faithful worker and competent teacher and a shining light of Christian womanhood, therefore be it resolved,

"First, That Trinity Sunday School loses in her a faithful member and worker."

"Second, That although we are deeply conscious of the loss, we nobly spent in the upbuilding and uplift of the people of our city."

"Third, That we extend to her beloved ones our deepest sympathy and express to them our appreciation of a life so nobly spent in the upbuilding and uplift of the people of our city."

"Fourth, That a copy of the resolutions be sent to the family, a copy to the Christian Advocate and each of the daily papers for publication, also that they be spread upon the minutes of the Sunday School."

COL. MOSBY LOSES OUT.

Distinguished Civil War Veteran Dismissed From Service.

Washington, July 8.—Col. John H. Mosby, who distinguished himself in the Confederate cause during the Civil war as a daring guerrilla fighter, and who in the early part of President Roosevelt's administration was appointed a special attorney in the Department of Justice, has lost his government position. It is understood old age was the main cause for the dismissal.

Col. Mosby is 73 years of age, although his friends say he still is active and energetic. He has made no appeal to be restored although this is deemed probable, and the President and the Attorney General may be asked to intervene. The colonel, it is said, may now devote his time to writing a book on the Civil war, in which he took an active and picturesque part.

Soon after the war the famous guerrilla fighter became a Republican, believing that to be the best way to secure concession for the South. He was a special favorite of Gen. Grant, who consulted him frequently. When appointed a special attorney about eight years ago, he was assigned to break up the cattleman's operations against government lands in the middle West and he did other work of a similar sort. His fearlessness is said to have won the approval of President Roosevelt.

ROBBED SHIP OF \$5,000.

Occurred on Receiving Ship Franklin at Hampton Roads.

Norfolk, Va., July 8.—According to well founded rumors \$5,000 disappeared from the safe on the receiving ship "Franklin" last night.

While it is impossible to get official confirmation, none of the officers questioned on the subject have denied the report. Newspaper men making inquiries have been referred to the captain of the Franklin and he could not be reached tonight. It is said he had retired and the officer of the deck declined to call him.

Paymaster Hilton, who was granted ten days leave of absence on Thursday was recalled and arrived here tonight. A conference of all officers on the ship was held tonight, but it was impossible to learn what transpired. It was reported that \$15,000 was concealed in another part of the same safe and is still intact.

The sentinel who is supposed to sleep in the office where the safe is kept, was put in the brig today on the charge of inattention to duty. It was reported that he failed to sleep in the office last night.

WOOL DEALERS STOP IMPORTS.

Boston Assumes Unusual Position of Actually Exporting.

Boston, Mass., July 8.—As a result of the steadily declining prices for wool in the American market, Boston wool dealers have not only stopped large quantities of wool in transit from Australia and sold them in London, but more recently this city has assumed the unusual position of actually being a wool exporter.

It is estimated that about 1,700,000 pounds of foreign wools held in bond here have recently been re-shipped to London to be sold at auction.

For the entire six months of this year, Boston has exported 3,550,000 pounds of wool, as against the nominal amount of 17,000 pounds for the same period of last year.

These figures, however, represent very inadequately the wool which has been taken out of the Boston market on account of the depression in American industry.

AFFAIRS AT RALEIGH

Scheme to Evade Paying Fines Into School Fund—The Automobiles.

(Special Star Correspondence.)

Raleigh, N. C., July 8.—For several years now there has been a constant struggle between the State and county public school authorities and various towns of the State over the question of the payment of all fines collected by the towns into the county school funds as required by the constitution.

All manner of means of evading this requirement have been evolved by towns and practiced until forced to abandon them by the school authorities. The latest plan of evasion is reported from a certain county where the town has adopted the scheme of imposing a sentence of bond service together and then allowing the party to get out of the service by paying the authorities \$1.00 per day, the town using this for its own benefit. The State Superintendent of Public Instruction has asked the Attorney General for a ruling and the latter holds that the \$1.00 per day payments are in the nature of a fine and must go to the school fund.

The Surface Hill Mining and Milling Co., of Mecklenburg county, is chartered with \$100,000 capital by E. M. Tucker, of Charlotte, and a number of stockholders in Oklahoma City and elsewhere. Mining for gold and other minerals and metals are specified.

During the operation of the new North Carolina automobile act for the first year just closed there were registered 1,580 machines with the payment of the \$5 registration and license tax. In addition to this there were 252 transfer certificates at \$1.00 each. Now with the beginning of the second year there have been 1,294 renewals. So that the revenue from this act practically within the period of the first year of its operation have been \$9,446. There are 175 automobile licenses that have not been renewed. Some of these have, of course, passed out of the State, but quite a number are doubtless liable and the Secretary of State is renewing these as of June 30th for a short period to save the holders the necessity of paying \$5 for new license. It cost about \$600 per year to administer this automobile act.

WIRE SERVICE IS RESUMED.

Action of Western Union by Brokers Without Explanation.

New York, July 8.—As suddenly as the wire service to various brokerage offices in New York State cities was suspended yesterday so suddenly was it resumed again in many of them today and with no more explanation by the Western Union Telegraph Company for the second change than for the first.

Wall Street, although without official data to go on, considers the new

attitude of the Western Union towards its customers as highly important. The feeling in the street has long been that the telegraph companies ought to exercise some supervision over their customers that the reputable newspapers and periodicals exercise over the business they accept for their advertising columns. If it is now, as would seem, the policy of the Western Union to exercise such supervision established brokers and bankers believe it will result in protection for the investing public and a greater volume of orders for the bona fide stock exchanges of the country.

No New York firms have lost their wires. It is supposed that, in the case of those firms, whose service was cut off yesterday and restored today, inquiries must have been established to the satisfaction of the Western Union that the business carried was such as the company was willing to accept.

JUSTICE FULLER BURIED

Funeral Services in Chicago—Tribute Paid Late Justice.

Chicago, July 8.—The body of Chief Justice Melville Weston Fuller tonight lies beside that of his wife in Grace-land Cemetery.

The special car in which the flower strewn coffin rested arrived from Boston at 1 o'clock this afternoon. In the car were Governor Hughes, of New York, and Justices Lurton, Holmes, White, McKenna and Day.

The body lay in state for an hour at the Virginia Hotel, where the justice made his home on his visits to this city. It was then taken to St. James' Episcopal church.

In his sermon Rev. James E. Freeman paid high tribute to the life and work of the jurist. The government's building flags were at half mast. At 3 o'clock, the hour of the funeral, a salute of 17 guns boomed from the camp of the regular army men in Grant Park. All courts were closed.

Three sons-in-law and three grandsons acted as pall-bearers. Judges of the State, but quite a number are doubtless liable and the Secretary of State is renewing these as of June 30th for a short period to save the holders the necessity of paying \$5 for new license. It cost about \$600 per year to administer this automobile act.

FINANCIAL AND COMMERCIAL

COTTON MARKET IMPROVING

Private Crop Advances and Strong Week-End Statistics Caused Activity—Opening Was Steady—The Conditions.

New York, July 8.—There was a further improvement in the cotton market today with the close firm at a net gain of 4 to 13 points on covering, trade buying and bull support encouraged by the bullish character of private crop accounts and the strong week-end statistics. The market opened steady at a decline of 3 to 6 points under scattered realizing and local selling due to indifferent cables and reports of rains in parts of Texas. The offerings were not in the least aggressive, however, and right after the call the market received good support from the bull leaders. When shorts found that the improved conditions in Texas were not bringing any long cotton of consequence, they turned over for cover and inside of the first hour the old crop was about 7 to 9 points higher. At this level there was less support from the leading bulls and the market eased off under realizing to about 1/2 the closing prices of last night. There was no weakening of the undercurrent, however, and after the publication of the week-end figures showing spinners' takings of 164,000 bales against 133,000 for the same week last year, the market sold into new high ground for the day on the new crop months with the close at practically the best figures on these positions. The old crop was comparatively neglected on the late advance, but in the last few minutes July sold up quite sharply on a demand for only a few hundred bales. Business was very quiet during the middle of the day, but became more active on the advance in the late afternoon when buying was quite general on the prospect for a carry-over of less than 500,000 bales into next season, and the bullish private new crop reports from the Eastern belt. The into-sight movement is falling off to very small figures, and local statisticians are figuring that the total commercial crop will not exceed 10,300,000 bales; 10,123,000 bales having been brought into sight so far for the season according to the New York Cotton-Exchange figures with only seven weeks remaining to be heard from.

Receipts at ports today 4,776 bales against 2,047 last week and 6,555 last year. For the week 20,000 bales against 23,311 last week and 18,897 last year. Today's receipts at New Orleans 85 bales against 993 last year, and at Houston 164 bales against 279 last year.

Spot-cotton closed quiet, 5 points higher; middling uplands 15.40; middling low 15.65; sales 5,765. Futures opened steady and closed firm.

LIVERPOOL ADVICES GOOD.

Trading Light on the Cotton Market—New Features Are Needed.

New York, July 8.—Liverpool advices are good, but Manchester was somewhat dull. Trading has been very light and is almost wholly local, through some orders from Liverpool absorbed the old crop offerings. The weather generally is of more reasonable character, but some private accounts are calamitous and must be overdrawn. In fact they are ignored and persistent bull support appears necessary to sustain the market; new features are needed. During the afternoon a demand appeared from the commission houses, standing prices, HUBBARD BROS. & C.

DRY GOODS MARKET.

New York, July 8.—The dry goods markets are quiet, buyers taking goods principally in small lots for nearby delivery or operating on goods for Sprung. Cotton goods are irregular. Cotton yarns are dull. The local wool markets are very quiet. Export trade in cotton goods has been better for the week.

REVIEW OF COTTON FOR WEEK

No Striking Developments on the Market—Weather Conditions Over Cotton Belt—A Very Large Yield Is Needed.

New York, July 8.—The short week in the cotton market has not been characterized by any striking developments. On the contrary, the speculation has been a small affair limited to the most part to the professional element. But for the narrowness of the speculation the unfavorable weather that has prevailed over wide areas of the cotton belt would doubtless have had more effect. The tone, however, has been firm on the whole and prices are higher for the week.

Rains have occurred with such frequency in Mississippi, Louisiana, Tennessee, the Carolinas and Florida, and dry weather and high temperatures have ruled over important sections of the Southwest for so long a period, that the belief of many in the trade is that all hope for a bumper crop must now be abandoned. In fact, not a few take the ground that indications do not now point to a crop in excess of 12,500,000 bales and some name still lower figures. A very large yield is admittedly needed. The plant in some sections of the eastern half of the belt is said to be so badly in the grass and so backward that there is certain to be abandonment of fields if the rains continue much longer. Wever and said to be increasing in Mississippi and parts of Texas. The plant is late by from two and three weeks according to many reports which correspondingly increase the danger of weevil damage. Meantime the old crop months are believed to be in complete control of the New Orleans market. The stock of certificated cotton in New York has fallen to below \$6,000 bales and there is said to be a large short interest in August uncovered. There is also said to be a scattered short interest in July of considerable proportions. Leading bulls have given open support at the New Orleans market. Commission houses have bought the old crop months to some extent for local and Western account and room shirts have covered from time to time on the unfavorable weather and crop news from the South. Yet some of the crop news has been good notably in Texas. Showers have occurred in parts of Texas of late, especially in the eastern portion and there have been rains in parts of Oklahoma where they were needed. Trade reports from all sections of this country have been pessimistic, and the advances from England and parts of the continent have been quite the reverse of cheerful. The spot markets at the South have been quiet. Some cotton is being shipped from Liverpool, it is stated, for delivery on contracts in this market, though it is not believed that the amount will justify Wall Street house have sold, supposedly in the main for long account. Liverpool and the South have sent selling orders, especially the former. But the controlling influence during much of the time has been the adverse reports in many parts of the South.

LIVERPOOL COTTON MARKET.

VISIBLE SUPPLY OF COTTON.

Secretary Hester's Statement Shows 2,251,808 Bales.

New Orleans, July 8.—Secretary Hester's statement of the world's visible supply of cotton issues today shows the total visible to be 2,251,808 against 2,444,545 last week and 2,962,369 last year. Of this the total of American cotton is 1,220,808 against 1,386,545 last week and 2,220,369 last year, and of all other kinds, including Egypt, Brazil, India, etc., 1,031,000 against 1,058,000 last week and 743,000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and Continental Europe 1,176,000 against 2,031,000 last year; in Egypt 72,000 against 101,000 last year; in India 658,000 against 369,000 last year; and in the United States 348,000 against 461,000 last year.

FURTHER DECLINE IN STOCKS

Abrupt Relapse in Prices Following Spring Wheat Crop Report—Items of Importance From Financial Standpoint.

New York, July 8.—The day's news budget today contained several items of large importance from a financial standpoint. First in the importance attached to it, although last in order of occurrence, was the government grain crop report. The percentage of 61.6 for Spring wheat seemed to disconcert speculative sentiments upon the appearance of the flash bulletin and there was an abrupt relapse in prices. The Northwestern grangers suffered most, but the whole list was affected, transforming earlier gains into general losses.

The buoyant early market was an extension of yesterday's movement. The Atchison dividend was of considerable direct effect in strengthening stocks, following the St. Paul dividend action yesterday. The maintenance of the dividend at the present level, notwithstanding the fact that the predictions of a party in the speculation which has been insistent that they were to come down.

A demand from uncovered shorts with the disclosure of the intention to maintain the dividend was a logical result. This disclosure was allowed to become known in unofficial, but significant ways before the actual declaration of the dividend and the intention has been an influence in the two days recovery in the stock market. That influence was supplemented by the fact that some action by the Interstate Commerce Commission was pending which would further the claims of the railroads for rate advances.

The monthly report of the Copper Producers offered a picture that stock holders and investors had to interpret. The June production proved the largest of any month since the records have been kept and to this was due the fact that nearly 8,000,000 pounds was added to stocks of the metal during the month, notwithstanding the heavy expansion of the deliveries into consumption.

The money market attracted but languid interest. The banks have received large sums from the interior as a partial effect to the payments to the sub-treasury of account of the corporation income tax.

Bonds were stronger. Total sales for value \$1,818,000. United States bonds were unchanged. Total sales for the day 692,800 shares, including Sugar 200; Tobacco 500; Atchison 36,700; A. C. L. 100; B. & O. 8,000; L. N. E. 2,300; N. & W. 300; Reading 1,900; Sloss Sheffield 200; Southern Pacific 41,200; Southern Ry. 700; do pfd. 1,200; U. S. P. 500; U. S. Steel 13,900; V. C. C. 13,100.

LYNCHED A RAIDER
OF BLIND TIGERS

(Continued From Page One.)
the gaze of a quiet and sobered crowd
which slowly melted away, the rope
broke under the weight of the body.
The city ambulance rolled up, packed
the limp form aboard and hauled it
to the city morgue.
An hour later the city was absolute-
ly quiet with little chance of further
disturbance. The other "dry" detec-
tives in the city prison are safe for the
present.

Troops Not on Scene.

Columbus, O., July 8.—Although
steps were taken between 10 and 11
o'clock to call out troops to send to
Newark, none was dispatched. Ad-
jutant General Weybrecht and Secretary
to the Governor Long, received a tele-
phone message from Newark asking
for help. Steps were taken at once to
call out the companies of the fourth
regiment and Major D. and traction
cars were engaged for them.

Before anything further could be
done word came that Etherington had
been lynched and that the mob had
dispersed.

Five commands of militia have been
advised to be in readiness if further
trouble threatens.
Late tonight Adjutant General Wey-
brecht, Col. B. L. Bargar, of the fourth
regiment, and Lieut. Chamberlain, of
troop B, left Columbus for Newark.

First Story of Trouble.

Newark, O., July 8.—William How-
ard, a former policeman, was probably
fatally wounded and half a dozen so-
called detectives are under arrest
charged with assault as the result of
raids upon soft drink saloons in this
city and in West Newark today.
The shooting of Howard caused much
excitement and for a time a crowd of
several hundred persons surrounded
the jail here exhorting Carl Ephing-
ton, one of the detectives, who is
charged with the shooting.

The crowd later dispersed and no
further trouble is anticipated unless
Howard dies. The badly wounded
having received a bullet in the abdo-
men.

The raiders arrived here this morn-
ing armed with search warrants issued
by a justice in a nearby town. They
claimed to be working in the interests
of the Anti-Saloon League and raised
three "soft drink" saloons. The places
raided were those of Charles Henry,
Louis Bolton and E. Schlegel.

During the raid on the Schlegel sal-
oon a detective hit Bartender Ed Mc-
Kenna and severely injured him and
a crowd quickly gathered. The detec-
tive escaped, but the crowd was aug-
mented and when Howard tried to ar-
rest detective James Henderson he
was shot by an unknown man. Mayor
Atherton appealed to the mob to let
the law take its course. Later the
mob dispersed.

The trouble started at 10 o'clock to-
day, but no serious outbreak occurred
until this afternoon.

Licking county, of which Newark is
the county seat, is "dry" and a num-
ber of alleged "soft drink" places have
been running in the city. Most of the
men arrested are said to be from
Cleveland and claim they are working
for the Anti-Saloon League.

James Henderson, a "dry" detective,
was severely beaten by the mob. Ed
Hale, chief of the "dry" detective
force, was also roughly handled.
A man giving the name of C. M.
Etherington, of Williamsburg, Ky., was
arrested late this afternoon charged
with shooting Howard.

ALLEN-MANNING CONTEST.

Both Candidates Claim Justiceship—
Interest in Race.

Raleigh, July 8.—The Allen-Mann-
ing contest for the supreme court
justiceship is being watched most in-
terestedly here and opinion is much
divided as to the present and prospec-
tive strength of the two candidates—
Justice J. S. Manning, of Durham, to
succeed himself, and Judge W. R.
Allen to succeed Manning. The
claims of each of the two campaign-
ers have their supporters. Manager
Foushee, for Judge Manning, claims
that the State Manning has a major-
ity of twenty and a fraction while he
is sure to get. Mr. Foushee says, at
least half of the uninstructed vote in
the Charlotte convention. The claims
for Allen by Manager Dorich, on the
other hand, are to the effect that Al-
len really has 48 and a fraction ma-
jority of the instructed vote and will
need only one-third of the uninstructed
vote to nominate him, but that he
is certain to receive at least half the
uninstructed vote.

TIGHT DEADLOCK

FOR SOLICITOR

(Continued From Page One.)

New Hanover, through Thos. D.
Meares, Jr., of New Hanover, in an
enthusiastic and very eloquent speech,
endorsed the nomination of Mr. Grady.
When Mr. Meares had concluded,
L. Clayton Grant, Esq., of the Wil-
mington bar, enthusiastically seconded
the nomination of Mr. Williams. Mr.
Jos. E. Johnson moved that secreta-
ries to compute the vote be named for
each candidate. Duplin named A. L.
McGowan; Lenoir named J. T. Edens;
Sampson named L. L. Matthews.

The chairman called the roll and the
first vote resulted as follows:
Counties Williams Grady Shaw
Duplin.....33.....30
Lenoir.....30.....30
New Hanover.....17.....24
Onslow.....3.....20
Pender.....3.....8.50
Sampson.....32.....24.40
53.33 56.90 52.78

The ballots were then called in
quick succession, with no appreciable
change. On the fifth Pender changed
and on the next gave one each to Shaw
and Grady and one from Williams. On
the eleventh, New Hanover gave one
to Williams from Grady and on the
12th gave one each to Williams and
Shaw and on the 13th dropped back to
normal. The surprise of the conven-
tion was the solidity of the vote of On-
slow for Shaw. It was generally ex-
pected that Williams would get a part
of the delegation.

The 17th ballot had been called at
4 o'clock with no appreciable change.
J. H. Newbury of Duplin, moved
that votes be called at intervals of
five minutes, but the motion was lost.
On the 33rd ballot, New Hanover gave
one of Grady's ballots to Shaw. Pen-
der gave one each to Shaw and Grady,
giving Williams only two. On the
35th ballot, New Hanover gave Grady
the Shaw strength, but dropped to
normal on the next ballot. On the 37th
ballot New Hanover gave one each
from Williams to Grady, but went back
on the next ballot. Williams being given
one from Grady on the next, then the
invariable reliable again. On the
next New Hanover gave only 20 to
Grady and 20 to Williams, two for
Shaw. The increase of Williams was
loudly applauded on this ballot, but
on the next ballot the play was given
to Grady. On the 48th ballot, Samp-
son gave her Shaw strength of 3.25
to Williams. On the next New Hano-
ver threw three from Grady to Shaw.
Pender gave one-half vote to Shaw
and Sampson again threw her Shaw
strength to Williams. At 5:15 o'clock
70 ballots had been taken with no change.

At 5:30, after a brief intermission,
the 57th ballot was called with no ap-
preciable change. After another brief
intermission at 6:10 o'clock, after New
Hanover had retired for a caucus and
E. M. Koonce, Esq., had been called
to the chair, the 58th ballot was called
with still no perceptible change. At
6:05 o'clock, J. E. Johnson, of Duplin,
moved for adjournment until 8:30 o'clock.
It required a call by counties
and the motion was lost 50 to 120, the
janitor having turned on the electric
lights before the vote was completed.
The 96th ballot was called at 6:30
o'clock, after the Grady and Williams
forces of the New Hanover delegations
had caused without evident result.
There was no change. The 99th bal-
lot was called and New Hanover gave
16 for Grady; 17 for Williams and 9
for Shaw.

The 99th ballot was Shaw 72.10;
Grady 48.90; Williams 52. The 100th
ballot was called but the confusion
was so great that it had to be aban-
doned. On the next ballot, New Hano-
ver gave Williams 18, Grady 14 and
Shaw 10. On the next New Hanover
gave 10 extra for Grady, none for Shaw
and 17 for Williams. The vote then
stood Shaw 63.10, Williams 52, Grady
57.90.

Mr. Yopp, of New Hanover, moved
adjournment to 8:30 o'clock, but the
chair was unable to decide upon a
viva voce vote but a second vote was
called and the chairman declared the
convention adjourned at 6:50 o'clock.
There were calls for a division, but
Acting Chairman Koonce declared the
convention adjourned.

Night Session.

The night session was called to or-
der by Chairman Springer and the
103rd ballot was called, resulting as
follows: Shaw 64.10; Grady 56.90;
Williams 52. On the 125th ballot New
Hanover cast part of her strength for
Williams, but the shift was only tem-
porary. New Hanover retired for
caucus, but accomplished nothing and
the 137th ballot was called with no
change. At 9:45 o'clock J. H. Newbury
moved that the convention adjourn
to Lumina, but the motion was over-
whelmingly lost by a viva voce vote.
At 10 o'clock "Judge" Bornemann was
presented and addressed the conven-
tion. The judge was later despatched
for his accordeon and resumed the
convention with a number of selec-
tions, while weightier matters were
laid aside for the time. At 10:15 an-
other vote was called, but music had
not had the effect of "soothing the sa-
vage breast" and there was no appreci-
able change in the 163rd ballot. On
the 165th ballot New Hanover cast 4
votes for L. R. Varner, of Kinston, and
nine for the same on the next ballot,
the result being Williams 49, Shaw
63.60; Grady 52.40 and Varner 9. The
latter was increased to 15 votes on
the next. On the 168th vote Pender
cast 20 votes for J. T. Bland, New
Hanover retired for another caucus,
but there was still no change on the
179th ballot. On the 179th ballot New
Hanover cast eight votes for Bland,
Pender casting 19 for Bland and one
for Grady. New Hanover increased
Bland one vote on the next ballot and
Pender cast her solid vote for him.
The vote stood as follows: Grady
39.40; Williams 47; Shaw 53.60; Bland
33. New Hanover gave 10 to Bland
on the next and Pender 20 for Bland,
but the vote dropped back to normal
on the next ballot. Sampson retired
for a caucus after the 182nd ballot.

The 189th ballot was called at 11:20
o'clock with no change. After the
203rd ballot a motion by L. Clayton
Grant to adjourn was lost by a roll
call vote overwhelmingly and the
204th ballot was called. The 205th bal-
lot was Shaw 53.75; Grady 52.25; Wil-
liams 52. On the 209th ballot Pender
gave Grady her 20 votes, Grady's vote
going to 68.75. On the next ballot
Pender giving on this ballot 20 for
Williams, running his vote to 69. On

the 211th ballot, Pender cast 24 votes
for Shaw, running his total up to 93.
At 1 o'clock this morning after a
recess for half an hour during which
the delegates amused themselves with
"log rolling", Chairman Springer called
the 219th ballot was called with no
change. On the 224th ballot Rod-
olph Duffy received one from New
Hanover. On the 225th ballot Duffy
received three from New Hanover;
five on the next, eight on the next, 11
on the next, 13 on the next, 16 on the
next, but on the next the vote dropped
to normal.

At 1:30 o'clock there was a motion
to adjourn to 8 o'clock, but the motion
was lost. Duffy, on the next ballot
received 35 votes from New Hanover,
but the vote was not considered sig-
nificant, none of the other counties
responding to the sally of New Hano-
ver. The Duffy vote was increased to
40 on the next ballot, all from New
Hanover, but the next was not to be
called. At 1:40 Wm. J. Bellamy, Esq., of
New Hanover, renewed the motion to
adjourn until 10 o'clock. The 248th
ballot was called, and proceeded with-
out interruption.

Wilson nominated.....
Gaston, July 8.—At 2:30 o'clock
this afternoon, the 340th ballot, Mr.
George W. Wilson, a prominent at-
torney of this place, captured the
nomination to the solicitorship.
The last vote stood: Wilson 132.36;
Smith, 56.03; Shannonhouse, 49.68;
Childs, 1.92.
The convention had been in session
almost continuously since 4:30 yes-
terday afternoon. At the outset, Shan-
nonhouse had a lead of two or three
votes over Smith, and the latter's lead
over the other candidates was con-
siderable.

On several ballots last night Smith
jumped to front position.
The last vote taken at 11 o'clock
this morning showed that Wilson was
gaining in strength, and this again was
kept up until the final vote. At 1:30
he had crawled up from 89 to 164.
The convention has been one of
the most remarkable in the history
of the district. Mecklenburg and the
other counties were present with
large delegations to boost their can-
didates, and the fight in the conven-
tion was heated and nerve-straining.
Wilson's nomination was due to the
fact that Cabarrus and Lincoln gave
him their votes.

SLEEPING CAR RATES.

Will Not Be Reduced for Several
Months—Order of Court.

Chicago, July 8.—By an order of the
United States Circuit Court of Appeals
here today reduced sleeping car rates
ordered by the Interstate Commerce
Commission cannot go into effect for
several months. Judge Scam-
m, Grosscup and Baker granted a stay
order pending a rehearing by the com-
mission as the justice of its mandate.

Some weeks ago the Pullman Com-
pany and certain roads operating
their own sleeping cars sought an in-
junction to restrain the carrying into
effect the reduction order. The com-
mission, however, was allowed. In the
present instance new evidence was
placed before the court to show that
in some cases sleeping cars are oper-
ated at a loss even at present rates.
The Santa Fe was ordered to pay \$85,
000 a year on its train. The St. Paul
road declared that it operated its
sleeping cars at an annual loss of
\$500,000.

The court ordered that the compan-
ies affected shall furnish a bond to
cover the cost out of which passengers
paying the present rates shall be re-
imbursed should the commission upon
rehearing adhere to its first position
and insist upon the reduction. The
court was influenced less by the pros-
pective loss of revenue to the compan-
ies than by the fact that in North-
western States, should the reduced
rate go into effect between certain
intrastate points outside the jurisdic-
tion of the commission they would
become permanent. Judge Grosscup in
a supplementary opinion scored the
companies for not presenting all of
their evidence when the petition for
a restraining order received its first
hearing.

"In my judgment," he said, "the
railroads have treated the commission
with indifference and I think they
ought to pay the penalty for not sub-
mitting all the facts to the commis-
sion in the first place."

FOOD LAWS CAUSE INCREASE

Solicitor for Department of Agricul-
ture Gives His Opinion.

Washington, July 8.—The Congres-
sional committee on the cost of living
recently detailed fifteen reasons for
the high cost of living, and yet one
of the most important reasons for high
prices was left out of their report.
Remarks Solicitor McCabe, of the De-
partment of Agriculture today.
"The execution of the pure food law
has undoubtedly had an important ef-
fect upon prices. Formerly resort was
had to adulteration and misbranding
to reduce the price of alleged food ar-
ticles.

"Now people buy raspberry jam, for
instance, and pay more for it, but they
get what they pay for. So it is with
many other articles in common use.
This increase in price, of course, is
only apparent, but it impresses the
people who make purchases as real."

LONG LITIGATION SETTLED.

Receiver Directed by Court to Accept
the \$5,500,000 Offered.

New York, July 8.—The settlement
of the long litigation which has in-
volved the Metropolitan Traction sys-
tems for three years, was virtually
concluded today when Judge Lacombe,
in the United States Circuit Court, di-
rected William W. Ladd, receiver of
the New York City Railway Compa-
ny, to accept the offer of \$5,500,000 in
settlement of the suits brought against
the Metropolitan Securities Company
and others. An early termination of
the receivership is looked for.

MADRIZ SUES FOR PEACE.

But Uncle Sam May Not Agree to
Grant His Special Conditions.

Washington, July 8.—From the
State Department the report was given
out today of rumors that former
President Zelaya had offered to have
the Venus withdrawn from Nicaragua
waters on certain conditions.
This would be the first admission
from Zelaya if the rumors prove true
that he had any control over the armed
vessel which has been plying on the
eastern coast of Nicaragua.

The conditions which the rumors
said Zelaya had imposed were that
protection be given to his personal
property in Nicaragua, which is re-
ported to be very large, and that he
be recompensed \$50,000 the first pay-
ment made on the Emery claims, owned
by Americans and adjusted in an
agreement between the United States
and Nicaragua just before the upris-
ing in the Central American country.
It was said that this report had
been obtained from two sources, but
the sources were not named.

The Venus, with several effective
mounted guns, has been reducing sev-
eral towns to the subjection of Mad-
riz. The ship sailed from New York
last week, but it has been a matter of
dispute as to where she mounted her
guns.

Norfolk, Va., July 2.—J. Peter Hol-
land, of Franklin, Va., tonight an-
nounced his withdrawal from the race
for the Democratic Congressional nom-
ination. This leaves only William A.
Young and Congressman Harry L.
Maynard in the race.
